

**WRITE TO GOVERNOR ARNOLD SCHWARZENEGGER
AND VOICE YOUR CONCERNS!**

Talking points:

- Call for the immediate stop to future aerial spraying of residential communities at least until an Environmental Impact Review can be conducted.
- Call for SAFE ALTERNATIVES to aerial spraying
- Request that the Gov. STOP THE SPRAYING against the Light Brown Apple Moth (LBAM)
- Oppose being subjected to exposure of untested chemicals without your consent
- Encourage the Gov. to include pest management in his desire to lead the nation as the first green sustainable state
- Due to an unjustified state of emergency, our civil rights are being ignored and democratic process denied
- Tell the Governor the burden of proof to PROVE aerial spraying is safe for humans, pregnant woman, and the environment should be on the government.
- Describe the amount of confusion and misinformation around the LBAM spraying, including the overly complicated health reporting process
- Point out loss of business and *Quality of Life* on the Monterey Bay
- Environmental concerns: note your personal observations and research
- Tell him how you, your family and neighbors have been impacted by the spraying
- Describe the immediate adverse reactions to the spray you might have experienced and address the unknown long-term effects
- Voice concern about the spray contaminating our local organic food

Write your own letter or use the sample letter. Address an envelope in your own handwriting to:

**The Honorable Arnold Schwarzenegger
Governor, State of California
State Capitol
Sacramento, CA 95814**

Or fax the Governor at (916) 445 4633
